EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech - ECE	The LNM Institute of Information Technology, Jaipur	7.75	Aug 2023 - Present
Senior Secondary (XII)	NKBR Academy, Meerut	92.80	2023
Secondary (X)	K. L. International School, Meerut	95.80	2021

PROJECTS

- **Forge AI | AI-Powered React Application Builder** Jun'26 – Jul'26
Tech: Next.js, React, TypeScript, Node.js, Supabase, Clerk, Prisma, Gemini API, Vercel AI SDK, Sandpack, Arcjet
 - Built a full-stack AI app builder that turns natural language prompts into production-ready multi-file React projects with live sandboxed previews, streaming AI responses, and persistent workspaces.
 - Architected a real-time code generation pipeline (Gemini API, Vercel AI SDK) supporting image-assisted prompting, structured project generation, and conversational AI-driven code refinement.
 - Built a scalable backend (Prisma, PostgreSQL, Supabase) with credit-based subscription management and secure APIs protected by Clerk auth, role-based authorization, and Arcjet rate limiting.
- **Production Authentication Service** May'26
Tech: Node.js, Express.js, TypeScript, MongoDB, JWT, Zod
 - Built a modular, feature-based **REST API** backend with reusable middleware, centralized error handling, and type-safe validation using Zod.
 - Implemented full **auth workflows** (register, login, refresh, logout, logout-all) using JWT access tokens, rotating refresh tokens, HTTP-only cookies, and hashed token storage.
 - Hardened sessions with **production-grade security**: refresh token rotation, replay attack detection, concurrent session limits, MongoDB TTL indexes, and multi-device logout.

EXPERIENCE

- **Bharat Electronics Limited (BEL), Ghaziabad – Internship Trainee** Jun'25
 - Decoded ASTERIX CAT048 radar surveillance packets using Wireshark and ASTERIX Inspector, cross-referencing internal protocol documentation and a C-based bitstream parser to study real-time data flow in aviation surveillance systems.

SKILLS

- **Languages:** TypeScript, JavaScript, Python, C/C++, HTML, CSS
- **Frontend:** React.js, Next.js, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
- **Databases & ORM:** PostgreSQL, MongoDB, Supabase, Prisma, Mongoose
- **AI / LLMs:** Vercel AI SDK, Gemini API, LLM Integration, Prompt Engineering
- **Developer Tools:** Git, GitHub, Postman, Clerk, Arcjet, Turborepo, Zod

CERTIFICATIONS

- TCS iON Career Edge - Young Professional, [Certificate of Achievement](#) Jul'25
- Nav Bharat Institute of Technology, [Certification in C Programming Language](#) Jul'23

ACHIEVEMENTS

- Securing AIR 2217 in GATE 2026 EC
- Top 12 finalist in ChipIN Design Hackathon 2025 (MeitY), sponsored by Synopsys & AMD
- Ranked among the top 7% of students at LNMIIT based on academic performance.
- Ranked among the Top 70 out of 400 participants in the eLitmus assessment conducted at LNMIIT.
- 96.20%ile in JEE Main 2023, with 99.21%ile in Physics
